EXPERIENCE

Support Consultant - Nova Scotia Health Authority

Halifax, NS | Feb 2026 - Present

- Deliver frontline IT support during enterprise Clinical Information System (CIS) rollouts, measured by timely incident resolution, by diagnosing system access, application, and workflow issues and managing tickets through Assyst.
- Improve system reliability and user productivity, measured by recurring issue identification, by applying structured root-cause troubleshooting and escalating complex technical issues to appropriate support teams.

- Support secure and effective system use, measured by successful user adoption and compliance, by guiding clinical staff through system workflows, access requirements, documentation standards, and data-security practices.

Technical Support Advisor - Concentrix

Dartmouth, NS | Nov 2025 - Feb 2026

- Resolved **40+ technical cases daily**, measured by successful customer issue resolution, by troubleshooting software, account, login, connectivity, and system-performance problems across phone, chat, and email.
- Reduced repeat technical issues, measured by consistent root-cause identification, by applying structured diagnostic workflows to isolate application, operating-system, account, and connectivity problems.
- Improved customer support outcomes, measured by effective handling of complex and escalated interactions, by translating technical problems into clear solutions and guiding non-technical users through troubleshooting steps.

Student Lab Assistant — Dalhousie University

Halifax, NS | Apr 2024 – Dec 2024

- Supported efficient daily lab operations, measured by accurate and accessible records, by maintaining electronic and physical documentation for students and faculty.
- Improved data accuracy and compliance, measured by consistently maintained institutional records, by reviewing data entries, identifying discrepancies, and following established documentation standards.
- Improved request handling, measured by timely resolution and routing of inquiries, by identifying user needs and directing technical and administrative requests to appropriate resources.

ADDITIONAL DETAILS

- Valid Canadian Work Permit (authorized to work until March 2028)
